Wide Island Merchandiser for Meat, Deli and Cheese

HUSSMANN®
Impact

MWG - Meat Wide Island With Glass
MWGE - End Case for Meat Wide Island

Available in 6', 8' and 12' lengths.

Superior Performance for Meat and Deli Applications

The MWG provides all the merchandising advantages of an island merchandiser while maintaining consistently cold temperatures suitable for meat, deli and cheese applications.

Standard Glass

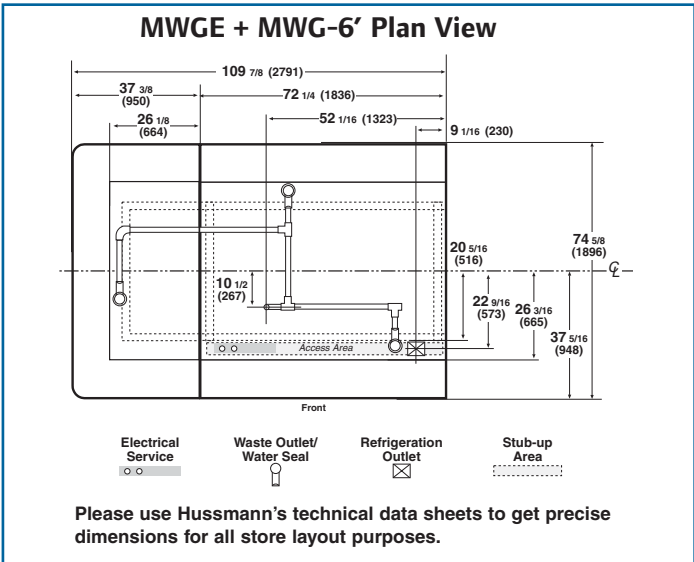

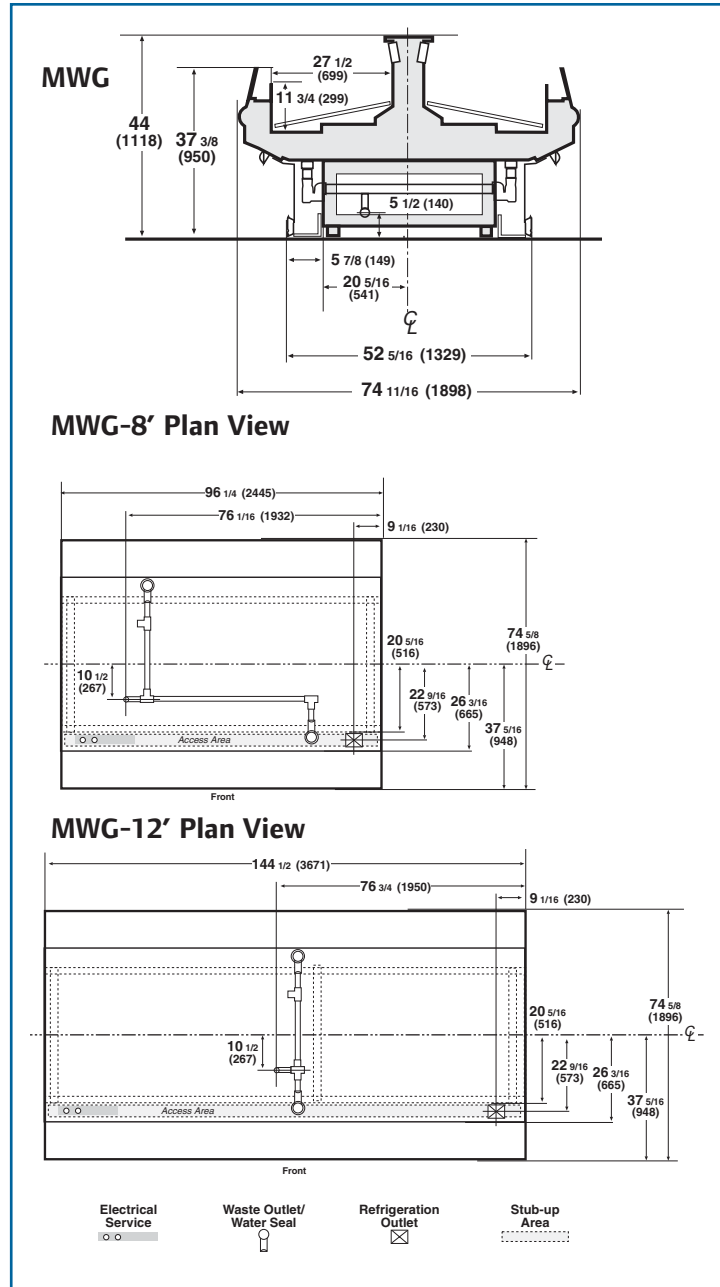

All models have standard glass on sides and ends for superior merchandise visibility and presentation.

Less Refrigerant Required

Impact modular coils provide superior refrigeration performance while needing 50% to 60% less refrigerant within the merchandiser than full length coils.

Solid Durability

Heavy duty corner assemblies. True shock absorbing dual bumper system. Heavy duty base and skids. High impact polystyrene bottom provides excellent durability and easy cleaning.

NOTE: These merchandisers are designed for use in stores when temperature and humidity do not exceed 75°F and 55% R.H.

NOTE: We reserve the right to change or revise specifications and product design in connection with any feature of our products. Such changes do not entitle the buyer to corresponding changes, improvements, additions, or replacements for equipment previously sold or shipped.
