Added Protection Against the Unexpected

The Ultimate Benefits

The Hussmann Select Agreement is a maintenance package that limits the annual costs for a store portfolio and allows you to accurately budget costs for the year.

This program motivates the provider to prevent failures, reduce waste and fix problems correctly the first time.

The benefits of a Hussmann Select Agreement include:

- Minimize budget volatility with an annual fixed price for a portfolio of stores
- Reduce costs by reducing unplanned service events and motivating complete and timely repairs
- Simplify invoicing with one invoice per period for all locations
- Reduce food loss and improve food quality by improving refrigeration performance and reliability
- Increase uptime by placing risk with the service provider, and motivating early detection and prevention

Why Choose Hussmann Over Other Providers?

When you compare the Hussmann Select Service Agreement with standard service from other providers, you'll see why we're the national leader in service and maintenance.

Hussmann's full capabilities take you beyond standard service to a new level of food protection, problem prevention, cost control and stability, simplified budgeting and reduced invoicing.

It's what you can expect from the leading manufacturer of refrigeration equipment.

Hussmann Value vs. Other Service Provider

	Prevent	Diagnose	Repair	Validate	Invoice	Budget and Cost Control
How We Compare						
Hussmann Select Agreement	Early detection prevents problems and decreases energy consumption	OEM technicians enabled with service history and problem description	1st time repair and efficiency responsibility lies on Hussmann	Technology enabled repair validation on every call	One invoice per period for all locations	Multi-year fixed budget. Costs contractually limited in advance.
Other Service Provider	Break / fix approach	Standard techs	Time & materials, multiple visits sometimes required	Intermittent communications	Hundreds or thousands of invoices to check and process	Difficult to control due to mixed incentives and volatility

Scheduled Agreement: Preventive Maintenance

OEM Recommended Preventive Maintenance

The Scheduled Agreement is maintenance for refrigeration and HVAC systems at all locations specified in the contract. It includes:

- OEM recommended maintenance requirements
- Dedicated account management
- Periodic, consolidated invoices
- Program customized for your scope
- Early detection features, such as oil and refrigerant lab analyses, can be optionally included

	Select Agreement	Scheduled Agreement
Account Management	Included	Included
Periodic Invoicing	Included	Included
Scheduled Maintenance	Included	Included
Hussmann Response Team	Included	Included
Online Tracking & Completion Response	Included	Included
Oil Analysis	Included	Optional
Refrigerant Analysis	Included	Optional
Fixed Payment for All Services	Included	

The Scheduled Agreement reduces food loss, improves food quality, increases uptime, lowers costs and reduces shopper interruption.
