CR3-D

### Combination Merchandising

Service, self service and rear storage within the same footprint maximizes your deli department's capabilities. The R3 family versatility extends even further with prep, hot, sushi and high volume configurations.

Multi-shelf, back bar and open top displays create the zones to better organize and group product categories.

Custom

Flexible design allows for stand alone case or installation into a lower refrigerated or dry counter. Special finishes to match the department décor can also be incorporated.
