Dramatic Merchandising

An open top combined with a large, steep, vertical display makes for an impressive fish merchandiser.

Merchandising Versatility

Add the FMSS or FMSS-L self-service floor case to maximize either medium or low temp complimentary product selling opportunities.

Q1-DC

> www.hussmann.com/products/Q1-DC.htm

Merchandising Flair

Stylish curves combined with enhanced product visibility created with solid surface faces and unobstructed product view.

Merchandising Capacity

11"+ product height, 35" product depth in a single deck platform.

Quality Fit & Finish

Designed for ease of installation, simplified glass adjustment and with special alignment parts that assure fit and do not require unsightly joint trim.

Ergonomic Design

Large rear door opening and steep angle allows for ease of access to product.

R3-M/F

Combination Merchandising

Maximize the footprint in your Seafood Department with an all in one case - service, self-service and (available) refrigerated rear storage. The R3 family of cases also has a lobster tank (Marineland option) to make it easier to offer your customers even more.
