

## Performance Parts

Genuine Hussmann Parts for Optimal Case Performance

### Doors

Choose Hussmann doors for superior reliability, precise compatibility and durable design.

- All Hussmann doors have undergone extensive field and lab testing.
- Multi-pane glass maintains energy efficiency.
- Provide exceptional product visibility.
- Designed to provide exceptional reliability throughout the life of the door.

### EcoVision Doors

- Retrofit kits available for existing open cases.
- Narrow 24" French doors with no center mullion provide outstanding view of products from every angle and preserve aisle space for improved traffic flow.
- Ultra-thin door perimeter and handle design provides greater merchandise visibility.
- Black and gray color options available.
- Concave wiper design reduces door-to-door interference, maximizes energy savings, and helps keep glass moisture-free.

### Innovator Doors

- Tested to 99% reliability after 10 years.
- Feature one piece injection molded frame to reduce thermal transfer and increase reliability.
- Designed for all ambient conditions.
- Lower energy costs allowing reach-in cases to meet or surpass DOE 2012 standards.
