

HUSSMANN®

Performance Parts

Genuine Hussmann Parts for Optimal Case Performance

Condenser and Case Fan Motors

Designed for Reliability

Hussmann and Krack motors are engineered to withstand the diverse and demanding operating environments associated with retail operations.

- Exhaustive reliability testing in both lab and field environments.
- Identical to parts on new Hussmann products meeting the same durability and service life requirements.

Easy Replacement

- Harness compatible plugs to eliminate wiring headaches.
- Bolt hole alignments matching design specifications to guarantee product fit and provide trouble free installs.
- Complete assemblies available to reduce installation worries and case down-time by eliminating the need to remove and re-use fan blades and brackets.

Deliver Performance

Meeting original specifications for peak operating efficiency.

- Energy Efficient motors save energy and help reduce operating costs.
- Inverter-ready motors where applicable.
- Lifetime lubricated bearings.
- Internal overheat protection.

Hussmann original parts that fit right and keep your equipment running like new.

We are your experts in display cases and refrigeration systems, and we provide parts that will deliver optimized performance for all Hussmann equipment.
