SPECIAL VISIT

Harry L. Hussmann family visits Bridgeton facility

On September 8, 2017, more than 100 years after his great grandfather founded the Harry L. Hussmann Butchers' Supply Company, Harry L. Hussmann IV walked through the front door of the Hussmann Bridgeton facilities. Harry was accompanied by his wife, Amy, and his father (grandson of Harry L.), Tom G. Hussmann, and his wife, Julia. "We thought about visiting St. Louis and Hussmann Corporation many times," said Harry. "We decided that now was a good time to do it." [Read more.](#)

NEW PRODUCTS

Self-contained, reach-in bottom mount companion merchandisers

For matching side-by-side displays of frozen products, dairy, deli, beverages, and wine

Hussmann's new VRL and VRM cases offer a contemporary design and increased efficiency to help reduce energy consumption and life cycle costs, and use R290, an environmentally-friendly hydrocarbon refrigerant for low environmental impact.

- 2 Door Med Temp, 3 Door Med Temp, 3 Door Low Temp
 - Contemporary styling for maximum attention on merchandising
 - Additional 4" of glass for increased visibility inside the case
 - Environmentally-friendly R290 hydrocarbon refrigerant has zero ozone depletion potential and 3 GWP (Global Warming Potential)
 - State-of-the-art evaporator and condenser fan motors for more consistent air volume - produces less heat, reduces energy consumption, provides greater reliability
 - Bottom-mounted condensing unit for easy maintenance
 - UL/ETL, NSF Type II and DOE 2017 certified

MD4060DA self-contained, multi-deck medium temperature merchandiser
Enhanced product visibility, convenience, and innovation for beverage, dairy, deli, and produce applications

The MD4060DA offers enhanced product visibility with glass ends for side views, and vertical LED lighting for evenly illuminated merchandise throughout display area. Designed with safety and convenience in mind, the case features heavy-duty, anti-microbial door handles, easy access to display levels for merchandising or shopping, an easy to clean interior and exterior, and an easy to service slide out condensing unit. Innovative features include timer controlled automatic defrost and thermometer, state-of-the-art honeycomb discharge air system to ensure even temperature and maximum efficiency, and adjustable temperature control. SPECIALTY

Q-Series high volume vertical glass service products

With the industry growth trends of fresh, prepared foods, and smaller footprint stores, the new Q Series high volume vertical glass offerings allow retailers to maximize their creative merchandising options with shelves, steps, pedestals and loaf racks.

- **Stunning product visibility** - All glass display and FocalPoint™ adjustable multidirectional canopy lighting
- **Vertical glass cube design** - Allows for interchangeable merchandising solutions: single shelf, two or three shelf, bulk or step display
- **Reduced maintenance** - With elimination of lift-up glass hardware
- **Variety of lengths:** 4', 8', and 12' lengths
