## Husmann Refrigeration and HVAC Service and Maintenance

A service agreement with Husmann is the most effective way of ensuring your equipment is properly serviced. A well-designed program will improve your equipment's efficiency and prolong its life.

---

## Expertise and Flexibility

### Technician excellence

We understand one key to great service is well-trained, experienced technicians who are dedicated to meeting your needs. That's why we provide our extensive Hussmann technician training programs, so they will have the knowledge and tools they need to help ensure your satisfaction.

Hussmann's service experience includes:

- Certified technicians
- Factory training
- Wireless, real-time field communications
- Electronic inventory of assets
- Online access to service history/data

### A program to fit your needs

Hussmann offers multiple levels of Service Agreements that can be customized to address many of your key business concerns, including:

- Equipment reliability
- Refrigerant compliance
- Risk of unexpected service costs
- Risk of food or business loss
- Simplified invoicing
- Overall service and maintenance expense
- Quality and timeliness of repairs
- Energy and life cycle costs
- Refrigerant tracking and reporting

With a Hussmann Service Program, you can more effectively control each of these areas, so you can lower costs, increase reliability, and improve business results.
