

# Schistoreconnect

# About **US**

StoreConnect's cloud-based, data analytics platform enables retailers and contractors to act on intelligent and predictive-based notifications to reduce the cost to service and own refrigeration equipment. StoreConnect employs secure, real-time, predictive algorithms to provide advanced repair recommendations, automated PM reporting, condition-based maintenance and definitive store health reports. With StoreConnect, you can stop letting your equipment manage you, and start managing your equipment.

## **REFRIGERATION INDUSTRY CHALLENGES:**

< 56% first-time fix rate

Technician shortages with 18% technician turnover rate

Unsustainable models of service delivery

Increasing conflicts in time and resource management

# YOUR BENEFITS WITH STORECONNECT:

**UP to 10%** 

**Annual Energy Savings** 

# UP to \$7K SAVINGS

on Major Equipment Repair

**UP to 10%** 

**Reduction in Service Calls** 

# PERFORMANCE. QUALITY. UPTIME.

Changing the game in Retail Services by MAXIMIZING operational equipment health.

### PERFORMANCE

StoreConnect's impact on store performance cannot be overstated. With the potential for energy, store maintenance and time savings, the benefits speak for themselves. StoreConnect's focus is sustainability and resiliency in operating costs for retailers and an easy, sustainable, and productive experience for technicians. StoreConnect helps facilitate a level playing field where all parties who have a stake in the game benefit. With an expected return on investment between 12-24 months, there's no reason not to invest in the future of refrigeration today.

StoreConnect offers an increase in quality of store performance. You will be able to tell from various reports and online statistics how your stores are performing, even those stores located in hard to reach or remote areas. We provide actionable alerts and data through push notifications, which are constantly being streamlined and improved through our data science team, combined with the wealth of knowledge from over 100 years of industry experience from Hussmann. Our focus at StoreConnect is solving equipment problems before they happen and where they matter most.

### UPTIME

StoreConnect prevents and minimizes critical failures, reducing shopper experience disruptions, which increases customer satisfaction and reduces strain on technicians. Unlike a person, our system never sleeps, always monitoring the condition and data points of equipment assets: giving you peace of mind, increased savings, and a simpler service model to keep things running smoothly.

# How can StoreConnect improve **YOUR** store?

- Improves system serviceability
- Increases first time fix rate
- Optimizes technician visits by doing the diagnosing for them
