Note

Use Husmann's technical data sheets to get precise dimensions for all store layout purposes.

Merchandising Excellence.

With the ESBDS you can create an endless variety of unique merchandising concepts tailored to your service opportunities. The straight, non-glare glass offers dynamic merchandising with excellent visibility.

Elite Styling.

Dramatic appearance with uncompromising attention to detail is a hallmark of Elite. This dramatic, straight glass case delivers a high visibility format that draws attention to your service deli displays. Combine these cases with companion models to create spectacular line-ups that help pull in customers and increase sales.

Proven Performance.

Husmann has now applied the advanced Excel refrigeration technology to the Elite line, giving you better product temperatures, lower energy costs, fewer refrigerant leaks and easier cleaning and maintenance.

At last, advanced styling plus world-class performance and energy efficiency... that's Elite.

DOE 2017 Energy Efficiency Compliant Husmann refrigerated merchandisers configured for sale for use in the United States meet or surpass the requirements of the DOE 2017 energy efficiency standards.

NOTE: These merchandisers are designed for use in stores when temperature and humidity do not exceed 75°F and 55% R.H.

NOTE: We reserve the right to change or revise specifications and product design in connection with any feature of our products. Such changes do not entitle the buyer to corresponding changes, improvements, additions, or replacements for equipment previously sold or shipped.
