Plan View

Dimensions	4 FT	6 Ft	8 FT	12 FT
A	48 1/8 (1222)	72 1/4 (1835)	96 1/4 (2445)	144 3/8 (3668)

Note: Overall case length without ends or partitions. Contact your sales representative for information on possible availability of additional case lengths.

Note

Use Husmann's technical data sheets to get precise dimensions for all store layout purposes.

Features / Benefits

- IDD5S cases are designed for effective multi-deck display of packaged deli, dairy, produce, meat and beverage products with EcoVison Doors
- Merchandiser rejects heat through a continuous flow closed water-loop system at store level
- Water-loop system operates between 50 and 115°F inlet water temperatures
- Environmentally-friendly R-290 hydrocarbon refrigerant that has zero ozone depletion (ODP) potential and 3 Global Warming Potential (GWP)
- Unibody construction improves integrity, facilitates moving, joining and settling cases
- UL EPH, NSF Type I and DOE 2017 certified

Energy and Sustainability Benefits

- EcoShine II LED lights standard:
 - Up to 71% more efficient than fluorescents
 - Customized for optimal product lighting
 - Standard LED lights reduce relamping and other maintenance costs
- More stable and uniform product temperatures to maintain freshness and shorter defrost cycles protect food integrity

Superior Merchandising and Flexibility

- Anti-clog drain strainer
- Coil in back wall and flip-up fan plenums for easy-to-clean bottom
- Seamless plastic "bathtub" bottom helps prevent leaks
- Wiring raceway in canopy for easy access
- Ellipse and faceted design options to align with store image
- Convertible merchandising optionally available
- EcoShine II LED lighting standard, customized for optimal product lighting

Standard Features

- Color Interior/Exterior: Black, Grey, White
- Exterior Sign Panel: None
- LED Lighting: Canopy, Shelves
- Number of Display Levels: 5
- Insulation: Polyurethane Foam - CFC Free

Optional Accessories

- Various ends, lighting, shelves, racks, paint, and bumper colors
- Two basic styling options, ellipse and faceted, with mix and match alternatives
- Flip-up bottom rack
- Sign-ready canopy fascia panel

Husmann refrigerated merchandisers configured for sale for use in the United States meet or surpass the requirements of the DOE 2017 energy efficiency standards.

NOTE: These merchandisers are designed for use in stores when temperature and humidity do not exceed 75°F (23.9°C) and 55% R.H.

NOTE: We reserve the right to change or revise specifications and product design in connection with any feature of our products. Such changes do not entitle the buyer to corresponding changes, improvements, additions, or replacements for equipment previously sold or shipped.
