RLNI-SP

Self-Contained Propane R290
Natural Refrigerant Merchandiser

Back-to-Back Narrow Reach-In with Innovator Doors
and Low Front for Frozen Food Applications

www.hussmann.com

Available in 4 and 5 doors.

Features / Benefits

- Ideal for any low temperature or frozen food products
- Available with Husmann Innovator and Innovator III doors
- Merchandiser rejects heat through a continuous flow water-loop system at store level
- Water-loop system operates between 45° and 80°F inlet temperature
- Environmentally-friendly R290 hydrocarbon refrigerant that has zero ozone depletion (ODP) potential and 3 Global Warming Potential (GWP)
- High capacity, factory-balanced refrigeration system capable of maintaining ice cream temperature
- UL, NSF Type II and DOE 2017 certified
- **Superior Merchandising and Flexibility**
 - RLNI-SP reduces the footprint by 16 inches from back-to-back standard reach-in cases
 - High pack-out in limited footprint allowing more product in the same space
 - The display area per door is identical to the capacity of the standard depth RL
 - EcoShine II LED customized for optimal product lighting
 - Standard LED lights reduce relamping and other maintenance costs
 - Fan plenums can be detached from coil for easy-to-clean case bottom
 - CoreLink controller remote performance monitoring available

Standard Features

- Color Interior/Exterior: Black, Grey, White
- Exterior Sign Panel: None
- Number of display levels: 6
- LED Lighting: Mullion
- Adjustable Leveling Legs: No
- Casters: No
- Power Cord: 3 phase, 20A/208V or 30A/208V, NEMA L21-20P, L21-30P
- Hardwired: No
- Insulation: Polyurethane Foam - CFC Free
