Note: Contact your sales representative for information on possible availability of additional case lengths.

Note

Use Husmann's technical data sheets to get precise dimensions for all store layout purposes.

Features / Benefits

- Environmentally-friendly R290 hydrocarbon refrigerant that has zero ozone depletion potential (ODP) and 3 Global Warming Potential (GWP)
- Ideal for any medium temperature or beverage products
- Available with Husmann Innovator and Innovator III doors
- Merchandiser rejects heat through a continuous flow water-loop system at store level between 50° and 115°F inlet temperature
- UL, 4L EPH and DOE 2017 certified
- **Superior Merchandising and Flexibility**
 - 22 inch shelves available for flat merchandising
 - The display area per door is identical to the capacity of the standard depth RL
 - EcoShine II LED lights reduce relamping and other maintenance costs, and can be customized for optimal product lighting
 - High pack-out in limited footprint allowing more product in the same space
 - CoreLink controller with web browser interface to view performance data/logs and alarm information

Standard Features

- Color Interior/Exterior: Black, Grey, White
- Exterior Sign Panel: None
- LED Lighting: Mullion
- Number of Display Levels: 6
- Adjustable Leveling Legs: No
- Casters: No
