# Hussmann Excel Service Merchandiser with Gravity and Serpentine Coil for Seafood, Meat and Deli Applications

## SSGVE - Straight Glass Case with Gravity and Serpentine Coil

Available in 8' and 12' lengths. Contact your sales rep for information on possible availability of additional case lengths.

## Plan View

Dimensions	8 FT	12 FT
A	96 3/8 (2448)	144 1/2 (3670)

### Notes:

Overall case length without ends or partitions. Contact your sales representative for information on possible availability of additional case lengths.

### Note

Use Hussmann's technical data sheets to get precise dimensions for all store layout purposes.

## Straight Glass with Large, Stainless Steel Top Display Surface

The SSGVE offers a traditional straight glass design with large, stainless steel display surface on top. This provides plenty of extra room for customer service and/or for displaying signs or related products.

## Advanced Design

The SSGVE incorporates advanced features and benefits, including modular coils, superior energy efficiency, modular case design, durable bumper, and factory pre-adjusted expansion valves.

## Reduced Refrigerant, Fewer Leaks

Patented Hussmann modular coils require 50% to 60% less refrigerant. Also, all return bend solder joints have been eliminated, which greatly reduces the possibility of refrigerant leaks.

## Options

Options include third row canopy lights, mezzanine shelves, scale stands, thermometers and wrapping boards. (Lighted mezzanine shelves not available on this model.)

## NSF Certified

The SSGVE has been NSF certified to ANSI/NSF standard 7.

Hussmann refrigerated merchandisers configured for sale for use in the United States meet or surpass the requirements of the DOE 2017 energy efficiency standards.

NOTE: These merchandisers are designed for use in stores when temperature and humidity do not exceed 75°F and 55% R.H.

NOTE: We reserve the right to change or revise specifications and product design in connection with any feature of our products. Such changes do not entitle the buyer to corresponding changes, improvements, additions, or replacements for equipment previously sold or shipped.

For additional resources, contact your representative or visit [www.hussmann.com](http://www.hussmann.com).
