DOE 2017 Energy Efficiency Compliant

Husmann refrigerated merchandisers configured for sale for use in the United States meet or surpass the requirements of the DOE 2017 energy efficiency standards.

* Some optional features may be certified by UL, NSF, and/or other 3rd party certification agencies. Contact Husmann for verification or requests for such certification.

NOTE: These merchandisers are designed for use in stores when temperature and humidity do not exceed 75°F and 55% R.H. We reserve the right to change or revise specifications and product design in connection with any feature of our products. Such changes do not entitle the buyer to corresponding changes, improvements, additions, or replacements for equipment previously sold or shipped.

For additional resources, contact your representative or visit www.husmann.com.

Note.

Use Husmann's technical data sheets to get precise dimensions for all store layout purposes.
