

Components Containing Limited Coverages beyond Standard OEM Equipment Warranty

Husmann warrants to the original purchaser the new equipment and all original parts to be free from defects in material and workmanship under normal use, maintenance, and service from date of shipment from factory. A new one-time replacement part will be provided without charge, provided the defective part is returned to Husmann and deemed a true warranty failure. Any part determined not to be warrantable or not returned, will be charged to the account on file at the time the part order was placed.

Refer to Husmann OEM Policies for Limited Equipment Labor Coverage and Husmann Corporation Warranty Exclusions.
