

HUSSMANN®

HUSSMANN CORPORATION

Extended Compressor Warranty for Hussmann Rack Systems and Hussmann-Krack Systems

The purchased extended compressor warranty is in addition to the standard Hussmann Limited Warranty for parts on said Refrigeration System. These warranties begin on Factory ship of said product. Hussmann Corporation agrees to reimburse for the actual cost of a purchased compressor from the nearest compressor manufacturer's authorized wholesaler. The agreement to reimburse is only applicable to the **original OEM compressor that shipped from the factory; totaling 1 compressor replacement** for the full 60-month duration of the standard Hussmann Limited Warranty and the Purchased Extended Compressor Warranty combined.

This warranty does not include any other components or materials. No service or labor charges related to or incidental to the compressor replacement will be covered during this period, outside of the standard OEM warranty policy terms noted in the Hussmann Limited Equipment Warranty Coverage for Remote Cases and Refrigeration Systems. The commitment of reimbursement must be proven to the satisfaction of Hussmann that the compressor is inoperative due to defects in the factory workmanship or material under normal use and service. Hussmann reserves the right to inspect the jobsite, installation and reason for failure, as well as obtain failure analysis from the compressor supplier as a condition precedent to honoring any warranty.

To obtain a replacement compressor under warranty, the customer's service provider is required to go to the nearest compressor manufacturer's authorized wholesaler. Should the said failed compressor be under the compressor manufacturer's coverage, it would be exchanged at no cost by the authorized wholesaler to the customer's service provider once failed compressor is returned to the wholesaler location. Should the said failed compressor fall outside the compressor manufacturer's coverage, the customer's service provider is required to purchase the compressor, return the failed compressor to the authorized wholesaler for core credit if applicable, and submit the claim with Hussmann with the final bill of sale (noting the core credit if applicable and without markups) for reimbursement consideration. The equipment serial number, failed compressor serial number and model, and the replacement serial number and model must be submitted on the claim. All claims must be submitted for review within the Hussmann claim filing guidelines with proper information provided. For filing guidelines and other applicable warranty policies, go to the Hussmann website for this information: www.hussmann.com – click on "warranty" and open WARRANTY CLAIMS FILING & SYSTEM GUIDELINES.

Warranty Exclusions:

THIS WARRANTY SHALL NOT APPLY TO LOSS OF FOOD OR CONTENTS OF THE PRODUCTS DUE TO FAILURE FOR ANY REASON. HUSSMANN SHALL NOT BE LIABLE:
